COLOR THE LINEMAN AND HIS TRUCK.

Drawing by Josue, PUD 3
PUD 3 has many different trucks, that do many different jobs! We have bucket trucks to lift linemen up in the air to work on the power lines; digger derricks to drill holes and set power poles; tractors, brush mowers, power pole trailers, fiber trucks, forklifts, meter reader jeeps, and other utility trucks.

Draw a picture of a PUD 3 truck doing work in Mason County.
