HOW TO READ YOUR BILL

Your bill provides you
with detailed information
about your account.
Not only can you view
how much energy you
use each day, but you
can also see the average
daily cost, how outside
temperature affects your
home’s energy usage, and
how your current energy
consumption compares to
the year before.

In addition, we invite you
to explore the services
and information available
in PUD 3's SmartHub app
at my.pud3.org.

Find your account number
Use it to pay over the
phone or sign up for
SmartHub @ my.pud3.org

Information you can use
Find important messages from your not-for-profit PUD.

Your average daily use
We break down your monthly usage so you can
see your average per day, both in energy usage and
daily cost.

Look back and compare
Take a look at your energy usage compared to last
month, as well as this month last year.

Temperature affects
energy usage
This graph shows your daily energy use and adds
the daily temperatures so you can easily see how
weather impacts your energy usage throughout the
month.

Pay your way
Sign up for one of our
autopay options in
SmartHub, pay by phone,
or return this portion with
payment.

Neighbors helping neighbors
Enroll in the easiest good thing
you’ll ever do! When you enroll,
each month your bill will be
rounded up to the nearest dollar,
and these extra pennies will go to
help your neighbors in need.

Account Information
Here is your account information and the
monthly breakdown of your charges.
