## EV Level 2 Charging Equipment Rebate

Mason PUD 3 offers a rebate check to customers who have purchased/installed qualifying wall or pedestal-mounted electric vehicle (EV) charging equipment. This rebate is subject to available funds and will be distributed on a first-come, first-serve basis.

### **Program Requirements:**

- Must be an active PUD 3 electrical customer in good standing (no arrears balance) with an advanced meter.
  - Residential customers who became the registered owner of an EV on or after July 28, 2019 are eligible.
  - Residential customers must attach a copy of the qualifying EV's registration. The EV must be registered at a property located within PUD 3 service territory.
  - Qualifying Electric Vehicles must be a four-wheel battery EV or plug-in hybrid EV capable of being recharged by an external source of metered electricity; is capable of speeds over 35 mph; and is licensed to drive on highways in the State of Washington. (Golf carts, electric buggies, ATVs, etc. do not qualify.)
- Must have approved Washington State L&I Electrical Permit.
- Must return signed PUD 3 EV Level 2 Charging Station Rebate form. Signature indicates that the EV equipment was installed according to all applicable codes, regulations, safety and health standards, specifications, manufacturer's instructions and standard practices. "AC Level 2 charger" delivers single-phase, 240-volt or 208-volt, power to EV. Contact PUD 3 for additional specifications on qualifying stations.
- Qualifying recipients must consent to participation in PUD 3 EV Charging Study(s) and agree to:
  - Take occasional surveys
  - Share data about EV charging patternsThe information gathered will help provide current and future EV drivers with new benefits, education, and other useful resources.
- Customer must adhere to PUD 3's Service Rules and Regulations, which includes the Line Extension Policy, if applicable for their EV charging equipment installation.
- Include invoices for charging equipment and electrician labor.
- Additional requirements may apply if Customer is seeking to participate in PUD 3's Public Electric Vehicle Charging program.
