

## SUPPLEMENTAL SCHEDULES

### **SCHEDULE 91 – GREEN POWER**

**Applicable to the following rate schedules:** Residential Service, Small General Service, Large General Service, Cannabis General Service, Public Electric Vehicle Chargers General Service, New or Expanding Large Load, and Large Industrial Lighting and Power Service Bus Bar Rate

**Description:** This line-item charge on consumer monthly billings provides consumers the opportunity to support additional renewable resource options (Green Power). Participating consumers will support the use and development of Green Power resources which are generation facilities fueled by energy sources including wind, solar, geothermal, landfill gas, wave or tidal action, gas produced during the treatment of wastewater, qualified hydropower, or biomass based on solid organic fuels from wood, forest, or field residues. Service under this schedule is provided through PUD 3's contractual purchase of green power resources now or in the future. PUD 3 cannot guarantee that the power delivered to consumers under this renewable resource option is actual energy from Green Power resources.

**Block Rate:** Consumers may purchase an unlimited number of blocks of Green Power at \$1.00 each. A block is equivalent to a 100 kilowatt-hour (kWh) purchase. The monthly charge will be applied to the consumer's monthly billing regardless of actual energy usage. This rate is in addition to all other charges contained in the rate schedule under which the consumer receives service.

**Variable Rate:** Consumers may purchase 100 percent of their energy under a Green Power rate of \$0.01 per kilowatt-hour billed on their monthly statement. This is in addition to the kilowatt-hour rate and all other charges contained in the rate schedule under which the consumer receives service.

**Enrollment & Termination:** Consumers are required to complete PUD 3's enrollment process to participate in this program. Initiation of service under this option will occur following acceptance and processing of the enrollment request by PUD 3. PUD 3 may remove consumers from this option or refuse to enroll consumers who have not paid the Green Power portion of their bill, or who receive a disconnection notice. Consumers are required to notify PUD 3 prior to their desired termination date in the program. Termination of service under this option will follow receipt and processing of the termination request by PUD 3 and will be effective on the following billing. Consumers who close their account in the middle of a billing period will be billed the full Green Power amount for the billing period; there will be no pro-rating.

**Terms and Conditions:** Service under this schedule is subject to the Rules and Regulations and policies of PUD 3. PUD 3 may limit consumer participation in this option to balance consumer demand with available power acquired from qualified alternative energy resources by PUD 3. PUD 3 makes no guarantee of any kind that this program will result in the development of any amount of alternative energy resources; however, voluntary efforts will be made to do so.

**Other Electric Charges:** Tax Clause (Supplemental Schedule 92)

**Effective:** January 1, 2006

### **SCHEDULE 92 – TAX CLAUSE**

**Applicable to all rate schedules**

**Description:** This line-item charge on consumer monthly billings collects any gross revenue, utility, or other form of tax levied by municipal, county, state, or federal bodies.

## SUPPLEMENTAL SCHEDULES

### **SCHEDULE 93 – PURCHASE POWER ADJUSTMENT CLAUSE**

**Applicable to the following rate schedules:** Residential Service, Small General Service, Large General Service, Cannabis General Service, Public Electric Vehicle Chargers General Service, New or Expanding Large Load, and Large Industrial Lighting and Power Service Bus Bar Rate.

**Description:** This line-item adjustment on consumer monthly billings collects costs incurred from BPA temporary surcharges assessed on the wholesale power bill. The adjustment shall be in proportion to the wholesale power adjustment and may apply to the billing period after the wholesale power adjustment.

**Other Electric Charges:** Tax Clause (Supplemental Schedule 92)

**Effective:** January 1, 2018

### **SCHEDULE 94 – LOW-INCOME ENERGY ASSISTANCE SURCHARGE**

**Applicable to the following rate schedules:** Residential Service, Small General Service, Large General Service, Cannabis General Service, Public Electric Vehicle Chargers General Service, New or Expanding Large Load, and Large Industrial Lighting and Power Service Bus Bar Rate.

**Description:** This line-item surcharge on consumer monthly billings collects costs incurred for providing low-income energy assistance.

**Other Electric Charges:** Tax Clause (Supplemental Schedule 92)

**Effective:** October 1, 2022
