

Take a moment to see how **advanced meters** collect the reading data from your meter and sends it to Mason PUD 3 through a secure network.

### Current Metering

- Manually read by meter readers monthly
- Greater chance for billing errors and estimations.
- You must call in to report power outages.

### Advanced Metering

- Securely sends meter reads to PUD 3 wirelessly.
- Will enable you to view energy-use data remotely.
- Creates more reliable billing.
- Will alert PUD 3 if there are power outages, resulting in a faster response.
