

Before the Meter Changeout	Day of the Meter Changeout		After the Meter Changeout
 <p>You will receive a notification letter approximately 30 days before the meter changeout.</p> <p>We will send a reminder postcard regarding the upcoming work.</p>	 <p>A PUD 3 employee will arrive at your residence to install the new meter between 7a.m. and 5p.m. - They will have valid ID.</p> <p><b>You do not need to be home for this process, however your power will be temporarily interrupted.</b></p>	 <p>Once the meter changeout is complete, the installer will verify that your new meter is working properly.</p> <p>The installer will leave behind a door hanger, indicating the type of work that was performed.</p>	 <p>You may be asked to participate in a survey regarding your meter changeout experience.</p> <p>Quality checks will be conducted on a small percentage of completed meter changeouts. You do not need to be home for this activity.</p>
